## EDUCATION

---

### VIVES

*Bachelor of Applied Computer Science*

Kortrijk, BE

Sep. 2022 – Present

### VIVES

*Associate of Computer Programming*

Kortrijk, BE

Sep. 2020 – Jun. 2022

## EXPERIENCE

---

### Teaching Assistant

*CodeFever*

Sep. 2023 – Present

Kortrijk, BE

- Assist teachers in their programming classes by resolving technical issues and preparing the computers.
- Help students get on the right track during exercises and assist where necessary.
- Motivate students be productive and to take on more challenging exercises when they're ahead.

### Full Stack Developer Internship

*FOD Economy*

Sep. 2021 – Jun. 2022

Brussels, BE

- Developed a full stack web app using Angular, Spring Boot and SQL to manage sand and gravel extractions.
- Learned about ways to style Angular applications using PrimeNG.
- Worked in a team using scrum with daily standups and biweekly sprint reviews.

## PROJECTS

---

### Portfolio Website | TypeScript, Angular, SCSS, Material UI, Git

<https://github.com/ImoutoLily/portfolio-webapp>

Oct. 2023 – Present

- Developed a portfolio website with Angular to showcase who I am and what I do.
- Automated project deployment to GitHub Pages.
- Designed with a responsive and custom design through the help of Angular Material and media queries.
