EDUCATION

VIVES   Kortrijk, BE
Bachelor of Applied Computer Science   *Sep. 2022 – Present*

VIVES   Kortrijk, BE
Associate of Computer Programming   *Sep. 2020 – Jun. 2022*

EXPERIENCE

Teaching Assistant   Sep. 2023 – Present
CodeFever   *Kortrijk, BE*

- Assist teachers in their programming classes by resolving technical issues and preparing the computers.
- Help students get on the right track during exercises and assist where necessary.
- Motivate students to be productive and to take on more challenging exercises when they're ahead.

Full Stack Developer Internship   Sep. 2021 – Jun. 2022
FOD Economy   *Brussels, BE*

- Developed a full stack web app using Angular, Spring Boot and SQL to manage sand and gravel extractions.
- Learned about ways to style Angular applications using PrimeNG.
- Worked in a team using scrum with daily standups and biweekly sprint reviews.

PROJECTS

Portfolio Website | *TypeScript, Angular, SCSS, Material UI, Git*   Oct. 2023 – Present
https://github.com/ImoutoLily/portfolio-webapp

- Developed a portfolio website with Angular to showcase who I am and what I do.
- Automated project deployment to GitHub Pages.
- Designed with a responsive and custom design through the help of Angular Material and media queries.
